Re: Women of Influence Nomination

To the Selection Committee:

I would like to nominate Meg Fitz as a candidate for the 2013 Women of Influence awards.

Meg is the Senior Vice President of Regional Business Development at the Greater Des Moines Partnership. I have had the privilege of working with Meg while serving as a Chamber of Commerce President, as many of the other Metro area Chamber presidents have had the opportunity to do. I have worked with her on many of the Partnership's board and committees including their Board of Directors, the Affiliate Chamber President's Council, the Government Policy Council, and the Regional Business Development Board. She not only plays a major role in everything she is involved with, but also takes on a leadership role with determination and precision.

Through Meg's daily contact with over twenty area Chambers of Commerce, she knows many people in the business sector, but also city staff and elected officials in every community in Central Iowa. Her knowledge of both business and governmental issues is impressive, and everyone who knows her would agree that she is definitely a Woman of Influence.

Sincerely,

John Irving
