PROFILE

Successful leader and entrepreneur with proven track record as turn-around expert in public and private sectors. Exceptional ability to see the big picture, analyze the situation, engage others, and utilize a continuous improvement model to produce results. Accomplished in public speaking, instructional design and delivery to individual and teams across industries (health care, non-profit, software, publishing, financial services, insurance, education, government).

Reputation for:

- Uncommon ability to bring together diverse groups of people and get them actively engaged in creating solutions.
- Visionary leadership with ability to turn complex initiatives into successful outcomes.
- Inspiring presenter across diverse audiences.
- Data-driven, strategic, analytical approach and fast pace to build results.

PROFESSIONAL EXPERIENCE

RITA PEREA LEADERSHIP CONSULTING, DES MOINES, IA

2002-present

Owner/Principal Consultant

Leadership and organizational consulting firm specializing in analysis, organizational change, strategic planning, change management, and organizational improvement with executives, leaders, directors, managers and teams in businesses and non-profit organizations.

- Business Model: Utilize a data-driven approach to all aspects of coaching, consulting, training, facilitating groups, speaking, and instructional design practice.

Practice Highlights:

- Successfully designed training and coaching program based on IT solutions for new and established sales agents in Fortune 500 Property and Casualty Insurance company
 - Collaborated with key leaders to align goals, measureable deliverables and training methods
 - Client comments: "Rita's instructional design solutions were pure genius! Thanks to her our division not only achieved, but exceeded, the measurable results we were looking for."
- Designed and led complex culture turnaround for growing health care client (300 employees in 10 Iowa locations) dealing with financial impact of employee and leadership issues.
 - Identified key drivers, improved leadership competence and staff retention, motivation, and performance.
 - Client comments: "Rita's dedication to our organization is simply amazing.....I was so impressed with our team results."
- Led successful turnaround of international software company marketing team at risk of losing Fortune 100 clients due to complex internal issues (leadership, communication, morale, performance, teamwork).
 - Client comments: "Rita provides a customized toolkit of techniques that work in today's complex business climate. Professionals like Rita are essential to wins."
- Accomplished public speaker—keynote addresses and training presentations include leadership development, organizational improvement, communication, motivation and the multigenerational workplace.
