

Erin Lacey began her career at Iowa Student Loan as an accounting intern in 1992 and took on additional responsibilities progressing through the ranks to CFO in 2009. She was promoted to her current position of Executive Vice President and Treasurer in October, 2013

I feel she deserves this recognition as she has been the person responsible for working with the many regulatory entities and ensuring some of the highest ratings as we go to the public with our bonds.

The complexity and operations of Iowa Student Loan require an individual to continuously be looking ahead, handle multiple complex tasks and be ever ready and able to respond to changes within the student lending area.

Christine Hensley

Board Chair, Iowa Student Loan
