Business Record
Forty Under 40 Panelists

I would like to recommend Karen Postma of The Members Group for your consideration in the Forty Under 40 awards. As Assistant Vice President of Card Services for The United Nations Federal Credit Union (UNFCU), I have worked with Karen for almost 10 years. Over the course of our working relationship, Karen has continually impressed me with her ability to launch strategic initiatives that help UNFCU keep their members' card transactions secure. As a global card issuer, UNFCU aims to provide the same seamless service in all global regions, in all time zones, providing transaction safety and integrity to its members. To help us achieve our goals, Karen (and the staff she directs) have customized many operational control strategies to help us achieve our mission. As we are all aware, data integrity is crucial to the operations of any business. In the global financial sector, this importance is magnified. I know that I can count on Karen to provide our credit union with the solutions we need to keep its members accounts secure.

If you have any questions regarding this recommendation, please feel free to contact me via the information below.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Merrill Halpern', with a stylized flourish at the end.

Merrill Halpern
