

1/14/16

Dear “40 Under 40” Nomination Review Committee:

I am an Organizer for the Hillary for America Campaign and I’ve known Mandy for the past seven months. She has been an active volunteer with the campaign canvassing for us. She knocks on doors usually twice a month and shares with her neighbors why she is supporting Hillary and encourages them to attend the caucus. I look forward to encouraging her on caucus night where she has agreed to serve as Precinct Captain. Because of her civic leadership, positive attitude, and dependability as a volunteer, I am honored to recommend her as a 40 Under 40 honoree and endorse her nomination for this award.

Mandy has been eager to participate in campaign events, training sessions, and watch parties, and she capitalizes on opportunities to learn more about political processes and meet leaders. She does of this all while also working full time, attending classes at Drake, and participating in Young Professionals Connection. I know I can count on her to uphold her commitments and help us reach our campaign goals. At 25 years old, Mandy is acutely aware of who she is and what her values are. She devotes time to activities and organizations that help her to grow and support others. She is dependable and passionate about volunteering in support of causes that enable her to live out her values.

It is because of all of these reasons that I believe Mandy would make an outstanding choice as an honoree of 40 Under 40. If you have further questions on her involvement on the campaign or her qualifications as a nominee, please do not hesitate to reach out.

Sincerely,

Michael Kimmelman
