To Whom It May Concern,

I am writing this letter to recommend Anthony Ranallo to receive this year's Business Record Forty under 40 nomination. I have known Anthony over 11 years and he has been an enormous inspiration to me, both professionally and personally.

Anthony has a tremendous success in his professional career due to his hard work and dedication. He faces all the challenges in his life without any fear or hesitation. Anthony is a remarkable individual with impeccable work ethic and desire for continuous self-improvement. Over the years Anthony has worked on and received various professional designations as well as completed his Master's Degree in Financial Planning in 2006.

Community involvement and leadership is also very important in Anthony's life. He makes it a priority to be involved and help with fundraising with a variety of organizations including Des Moines Community Playhouse, Central Iowa Center for Independent Living and Ambassadors Club. Anthony always finds time in his busy schedule for important causes where he can help.

I highly recommend Anthony to this year's prestigious Forty under 40 listing. He deserves to be recognized for all his efforts and contributions to the future success of the Des Moines community.

Should you have any questions regarding this recommendation, please do not hesitate to contact me.

Sincerely,

Nataliya Boychenko, CEBS, GBA, RPA
