To Whom It May Concern:

Dynamic, Energetic, Caring, Brilliant, Creative – these are words which describe the outstanding qualities of Gina Skinner-Thebo. Gina brings to the table qualities in which we should all want to strive for in our careers as well as our personal lives.

Gina is not intimidated and does a wonderful job articulating her thoughts. Gina works tirelessly to help women succeed in their professional careers as well in the community. She dedicates endless hours to Atwood Center for Women, Incredible Women events, kids' activities and many other facets. She serves on boards in our community, she participates in the non-profit world, and she gives unselfishly.

Gina always displays respect, honesty, knowledge, ideas, openness to others ideas, and a great working relationship. You will be assured of an outstanding recipient – one who looks to contribute and does not wait to be asked, one who works with people not against them and one who displays a professional approach tempered by caring and concern.

I highly recommend Gina Skinner-Thebo for Forty Under 40!

Sincerely,
