

# LA QUERCIA

*American Made, American Inspired Cured Meats®*

November 30<sup>th</sup>, 2018

The relationship that we have been able to build with Oakridge has been extremely positive for us. Oakridge was able to place us with workers when no one else in the metro area could. My interactions with Boaz have always been very helpful, positive and constructive. We have been able to work through the vetting and hiring process with several individuals with no major issues. Boaz has been extremely responsive and here to help us and his Oakridge placements when needed.

The support we have gotten has been great. We request people and Boaz takes over! He helps the people through our pre-employment screening, helps with translation and transport in some cases. When the employment papers are filled out Boaz works with the new employees and our staff to make sure that everything is lined up and ready. We have had a few documentation issues that we have been able to work on together to find a positive resolution for both us and the employees.

What I enjoy most about our new employees is the added diversity that they bring to us. Having been predominately Hispanic in our work force, our Oakridge employees bring a new perspective to things. They have brought a new energy and their culture to share with us that has been very positive. I see daily interactions on the floor and in the break rooms, where people are sharing. They are sharing stories, music, teaching each other new languages, and their food.

I appreciate the opportunities that the Oakridge relationship has brought to us. I look forward to continuing our work together.

Sebastian Beumer  
Plant Manager
