RE: Lindsey Buchheit – Woman of Influence nominee

To Whom It May Concern:

It is my pleasure to write a letter of recommendation for Lindsey. Lindsey has been a Center For Siouxland board member since 2014. Currently she serves on the Executive Committee as Secretary. Lindsey was very instrumental in our Strategic Planning sessions and continues to work with the board on achieving the goals set during Strategic Planning. Lindsey serves on the Strategic Planning Marketing sub committee. This committee has developed a marketing strategy and materials for our agency, specifically our Consumer Credit Counseling program. She also assisted with identifying key businesses and organizations whose employees and clients may benefit from the services we provide. During the Strategic Planning process Lindsey was engaged in our program evaluation process and assisted in determining which programs met our mission of "helping people, empowering lives, and building futures." Because of Lindsey's background she has been lending her expertise with our building remodel project. She supports the work our agency is doing by volunteering and participating in agency events.

Center For Siouxland has been providing comprehensive human services in Siouxland for 40 years. Services include Volunteer Income Tax Assistance (VITA), Consumer Credit Counseling, Comprehensive Housing Counseling, Client Trust/Representative Payee services, Bridges West Transitional Housing and Permanent Supportive Housing for homeless families and individuals, and prescription medication assistance.

Again it is my pleasure to write a letter of recommendation for Lindsey. She is a true professional who is a valuable member of our Center For Siouxland team.

Sincerely,

Jonette J. Spurllock
Executive Director
Center For Siouxland
